## Hosted by Mr. Ysbrand Brouwers

17 day Expedition is designed for the discerning participants who want to go beyond the bounds of the traditional journey to discover India, the seventh largest country in the world which has an unparalleled wildlife, geographically, genetically and culturally is perhaps the most diverse country on planet earth. Experience a wildlife safari with a special focus on Tigers & its habitat amidst incredible diverse landscape in India's most famous Bandhavgarh Tiger Reserves in search of Tigers, Leopards, & Wild dogs etc.

## Day 1: Depart from Home

We board a connecting flight 04:41 at 19:05 hrs from the Amsterdam to Mumbai via Heathrow connected flight Ba0199

## Day 2: Mumbai /Nagpur

We arrive in Mumbai (formerly called Bombay) International Airport at 1115 hrs meet Vivek Sharma and transfer to domestic airport to catch connected flight Indigo # 6E403 at 1430hrs to arrive Nagpur at 15:50hrs (Nearest access for Kanha Tiger Reserve). Upon arrival transfer to The Pride Hotel. Overnight in the hotel. (B, L, D)

## Day 3/7: Nagpur / Kanha Tiger Reserve

After breakfast we'll drive to Kanha Tiger Reserve, arriving in the noon. Kanha is one of India's signature wildlife areas. The forests, grasslands and streams here are home to a great deal of wildlife. We explore the park in open 4X4 WD personal jeeps in search of gaur, nilgai, sambar deer, chital and troops of langurs. We keep an eye out for the park's greatest prize: tigers and we'll look for tigers by elephant back. Next four nights our home will be Stripes Lodge kanha, Village Samnapur, Mukki gate (B, L, D)

**KANHA TIGER RESERVE:** is situated in the heart of Sal forest of the Central high lands of India. It has a sparsely wooded grassy plateau, sprawling slopes with lush green trees and many streams, which are edged by large groves of willowy bamboo. The landscape presents a mesmerizing view and is eminently suitable for providing shelter to a variety of mammals and birds.

This vast 1941 Square Kilometers National Park was not only set aside to protect the tiger, but to save the endangered Barasingha (swamp deer) as well. In addition, Kanha is one of the best places in the world to view the secretive Indian Gaur and the rare Dhole, or Asiatic Wild dog.

**Mammals:** more than 37 species: spotted, sambar, barking deer, Nilgai (blue bull) biggest antelope, wild boar, palm squirrel, Jackal, Sloth Bears, leopards, tigers, Jungle Cats etc. Common langurs and rhesus macaque represent the primate group.

**Reptilians** include cobra, krait, viper, python, turtle and a number of lizard varieties, including varanus. There are nearly 260 bird species such as storks, teals, pintails, egrets, peafowl, partridges, doves, pigeons, cuckoos, eagles, kites, etc.

## Mode of Safaris:

- 1) We will observe the wildlife from 4X4 wheel driven open Suzuki Jeeps and
- 2) Elephant back- Seeing these rare and majestic Tigers in their natural habitat is truly an unforgettable wildlife experience and boarding elephant and the cushioned platforms are comfortable. Since most animals, including tigers, have little fear of (but respect for) elephants or the people mounted on them, this mode of transportation is ideal for wildlife viewing.

**Elephants:** every morning about an hour before dawn the elephants leave their respective camps for tracking the Tigers. Once the tiger is located, the elephants are used as very convenient point for watching & photographing the tigers.

**Excursion Timings:** Park can be accessed from dawn to dusk except few hours in the after noon when it is quite warm for wildlife to move. For this time each day we cover the following activities:

- 1) Local Schools Visit.
- 2) Nature Walks: For bird watching and studying of flora and fauna.
- 3) Elephant washing: assist mahouts (elephant riders) to wash tracking elephants in the river.

## Evening Activities:

- 1) Address to the questions of our participants and talk on

the conservation, wildlife and other related queries of our member participants.

2) Astronomy: Study of star constellation and planets with telescope.

3) Nocturnal birds, animals in case of any movement we will try to experience it, especially tiger's movement can be felt with stress calls of deer's & monkeys and sometimes his vocalized growling

### **Day 8 : Kanha /Bandhavgarh Tiger Reserve**
